

Mylanta®

has the answer to all your Heartburn & Indigestion needs.†

What Are Your Symptoms

Need Fast Relief?

Starts working within minutes, lasts up to 3 hours

Need Long-Lasting Relief?

Starts working within 1 hour, lasts from 12 to 24 hours

Heartburn

May include:

- Burning pain behind breastbone
- Sore throat
- Hoarse Cough
- Sour mouth

Antacids neutralise stomach acid whilst the alginate forms a protective raft on top of stomach contents to prevent acid rising into the oesophagus.

Reduces acid production for convenient, long-lasting relief.

Indigestion

May include:

- Mild nausea
- Feeling of fullness
- Wind pain/bloating

Antacids neutralise stomach acid whilst the antifatulent disperses wind.

More frequent sufferer

Concentrated Original formula, for better value and greater convenience (dosage is half as much).

Reduces acid production for convenient, long-lasting relief.

Always read the label & use only as directed. If symptoms persist, refer your customer to their healthcare professional.
